Mathieu ELION

Product Designer - UX Designer

Graduated with a Master's in Interactivity & UX Design, I am seeking a role as UX Designer, Product Designer, Service Designer, or Design Engineer for September 2026.

Work experience

- **Product Designer at Société Général Corporate and Investment Banking**
Since September 2025 **La Défense** Apprenticeship contract
Designed B2B services on SG Markets; collaborated in agile with **PO and developers**; conducted user **research and testing**; used the CIB Design System; facilitated meetings; created wireframes and prototyped in Figma. **Leveraged AI as an optimisation tool** (*UI review, scoping, UX writing...*).
- **UX Designer & Project Manager at Société Générale**
From September 2023 to August 2025 **Val-de-Fontenay** Apprenticeship contract
Led UX initiatives and studies; conducted user research, workshops, and interviews; optimised experiences; **managed a migration project** for an internal knowledge platform; video edits; transversal support.
- **Non-profit recreational project on Minecraft**
Since March 2019 **Online**
Project name: **ElementaryLand**. Worked in a team; **managed** 10+ people; **collaborated with partners** (including the **OctoGency** group); handled player relations; managed the community (Discord 500+ members); managed the project; **redesigned the website**.

Skills

UX/UI Design

Figma, FigJam, Adobe XD, Miro - AI tools (Copilot, Gemini, Perplexity...). Interview guide; user interviews; UX workshops; data analysis; experience map; user journey; personas; mock-ups; prototypes.

Soft Skills

To sell ideas; to improve individual and collective effectiveness; to understand oneself and others; collective intelligence; Design Thinking.

Adobe Creative Cloud Suite & Office 360 Suite

Illustrator, Premiere Pro, After Effects, Photoshop | Word, PowerPoint, Excel

Education

- **Institut de l'Internet et du Multimédia (IIM - Digital School)**
From 2021 to 2026 **Paris La Défense** Pôle Leonard De Vinci
Master's in **Interactivity & UX Design** on a work-study basis. Delivered one project per training week (*UI/UX Design, UX Research, Psychology, Emotion Design, Design Thinking, UX workshops, project management...*). Participated in hackathons; developed soft skills; completed professional projects (*Levallois, Sandbox, Tour First...*).
- **Design Thinker**
November 2022 **En Ligne** Diplôme dthinking academy
Group projects: Materialised to think better. Prototyped to bring ideas to life. Observed and understood user needs.
- **Lycée Saint Nicolas**
From 2019 to 2021 **Paris 6^e**
Technological baccalauréat in the **STI2D stream**, SIN specialisation (Information and Digital Systems). With **Cinema and Audiovisual** option.
